# Pet Rehabilitation Services

Your Pet's Path to Recovery and Wellness

## Why Choose Us?

At Bridgwater Veterinary Hospital, we combine expertise with compassion to provide the best possible rehabilitation care for your pet. Our state-of-the-art facility and dedicated team are here to support your pet's health and well-being every step of the way.

## For pets of all shapes and sizes.

Whether your pet is young or old, dealing with a condition or perfectly healthy, they can benefit from some form of rehabilitation.

Some of the most common types of issues treated with rehab include, but are not limited to:

- Orthopedic Conditions
- Cruciate Ligament Injury
- Post-operative Orthopedic Surgery
- Hip and Elbow Dysplasia
- Arthritis
- Muscle Strains
- Neurological Conditions
- Intervertebral Disc Disease
- Degenerative Myelopathy
- Weight Loss
- Fitness

At Bridgwater Veterinary Hospital we provide quality care aimed at improving your fur family members' lives.

## Our general services include:

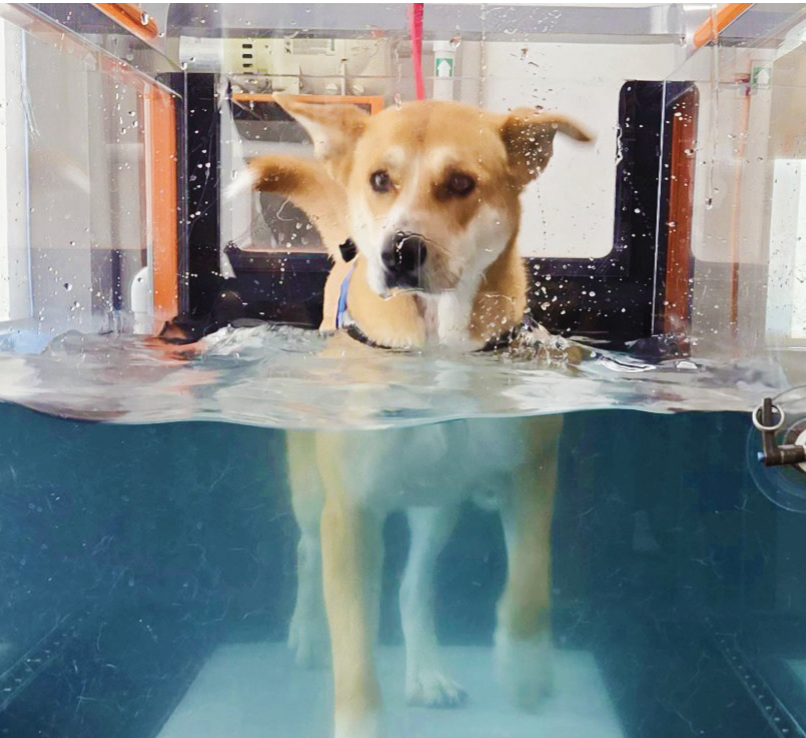

- Rehab Assessments
- Hydrotherapy - Underwater Treadmill
- Laser Therapy
- Post-orthopedic Surgery Rehab Program
- Weight Loss Program

## Benefits of Rehab

These treatments can minimize pain, accelerate healing and enhance your pet's overall wellness.

Our therapies aim to:

- Enhance muscle strength and endurance
- Aid in weight loss
- Improve mobility and flexibility
- Reduce risk of future injury
- Improve recovery after surgery
