

# ONE AND DONE™

NexGard SPECTRA™ is the first **once-monthly** soft chew to protect against ticks, fleas, intestinal worms and heartworm.

## NEXGARD SPECTRA™: EFFECTIVE PROTECTION AGAINST INTERNAL AND EXTERNAL PARASITES.

### TICKS

Protects against the most common tick species in Canada:<sup>1</sup>

- **Blacklegged (Deer) tick**  
(*Ixodes scapularis*)
- **American Dog tick**  
(*Dermacentor variabilis*)
- **Lone Star tick**  
(*Amblyomma americanum*)

### INTESTINAL WORMS

Treats and controls a broad range of intestinal worms:<sup>1</sup>

- **Roundworm**  
(*Toxocara canis*, *Toxascaris leonina*)
- **Hookworm**  
(*Ancylostoma caninum*)
- **Whipworm**  
(*Trichuris vulpis*)

### FLEAS

Protects against fleas.<sup>1</sup>

- *Ctenocephalides felis*

### HEARTWORM

Protects against heartworm infections that can be deadly to dogs.<sup>1</sup>

- *Dirofilaria immitis*

**NexGard**  
SPECTRA™

# START AND STAY WITH NEXGARD SPECTRA™.

Strong enough for the biggest breeds.  
Safe enough for puppies.

NexGard SPECTRA™ has been tested in a wide range of dogs:<sup>2</sup>

**Age:** From 8 weeks of age and up

**Weight:** From 2 kg to 60 kg

**Breeds:** Over 100 different pure breeds and a wide range of cross breeds, including breeds commonly affected by the MDR1 gene mutation (e.g. collies, shepherd breeds)<sup>2</sup>

In a well-controlled field study of 160 client-owned dogs, no serious adverse reactions were reported.<sup>1</sup>

## BROAD PROTECTION HAS NEVER BEEN EASIER.

### EASY TO GIVE.

- A highly-palatable beef-flavoured\* chew that can be given with or without food.
- Not affected by bathing, shampooing or swimming.

### EASY TO REMEMBER.

- A once-monthly treatment routine that pet parents prefer.<sup>3</sup>
- The **PetCare** reminder app can help make treatment compliance even easier.

\*NexGard SPECTRA™ contains no animal meat protein and is safe for most dogs with meat-based protein allergies.
