

A GI Diet For Every Pet

**EN GASTROENTERIC
NATURALSM**
WITH ADDED VITAMINS & MINERALS

- Formulated without corn and wheat or artificial colours and flavours

EN GASTROENTERIC[®]
FELINE FORMULA

- Nutritional option for cats with common GI conditions that has high total digestibility and helps support gastrointestinal and immune health

HA HYDROLYZED[®]
FELINE FORMULA

- Specially formulated with only hydrolyzed protein sources to nutritionally manage cats with food intolerance and allergies

** These diets help to minimize the risk of both struvite and calcium oxalate crystal formation, while nutritionally managing the primary GI condition.*

FortiFlora[®]

- Proprietary probiotic supplement contains active cultures of *Enterococcus faecium* SF68[®]

† 2018 Veterinary Attitude Study, Impact Vet, Fall 2018

FortiFlora[®] SA

SYNBIOTIC ACTION

- Contains prebiotic fibre (psyllium) to stimulate the growth of specific bacteria
